

Study of Plant Tissues and Animal Tissues

MODEL - AKBIO03

MAKE - AK LABS

The Study of Plant Tissues and Animal Tissues Kit is an educational biology kit designed to demonstrate the structure and functions of different tissues. It helps students identify, compare, and understand plant and animal tissues through practical laboratory activities.

KIT SPECIFICATION

Product Code	AK-BIO-003
Product Name	Study of Plant Tissues and Animal Tissues Lab Kit
Subject	Biology
Suitable For	Class 9-12
Practical	Study and Identification of Plant and Animal Tissues
Application	Schools, Colleges & Biology Laboratories
Packaging	Durable Storage Box with Essential Laboratory Accessories

KIT DETAILS

The **Study of Plant Tissues and Animal Tissues Kit** enables students to observe and compare various plant and animal tissues using prepared slides and laboratory equipment. It strengthens understanding of tissue organization, structure, functions, and microscopic identification while developing practical observation skills through hands-on biology experiments. Ideal for schools, colleges, biology laboratories, and STEM-based science

education.
