

Crucible Tong (Stainless Steel)

MODEL - CH-047

MAKE - AK LABS

AK Labs Crucible Tong is manufactured from high-quality stainless steel for safely handling hot crucibles, beakers, evaporating dishes, and other laboratory vessels. Its ergonomic design provides a secure grip, making it ideal for chemistry laboratories and industrial applications.

PRODUCT SPECIFICATION

Product Type	Crucible Tong
Material	Premium Stainless Steel
Construction	Heavy-Duty, Corrosion & Heat Resistant
Grip Design	Curved Precision Jaws for Secure Handling
Available Sizes	6", 8", 10", 12", 18" & 24"
Applications	Handling Hot Crucibles, Beakers, Dishes & Laboratory Ware
Suitable For	Schools, Colleges, Universities, Research & Industrial Laboratories

PRODUCT DETAILS

Designed for durability and heat resistance, this stainless steel crucible tong features precision-formed gripping ends for safe handling of heated laboratory ware. Available in multiple sizes, it is suitable for schools, colleges, universities, research laboratories, and industrial testing facilities.
